## HONORS COLLEGE HIGHLIGHTS

- **Proven Determination:** Completing the Honors capstone (or thesis) project shows employers and graduate schools your ability to work independently at a high level.

SU is an Equal Opportunity/AA/Title IX university and provides reasonable accommodation given sufficient notice to the University office or staff sponsoring the event or program.

- **Learn Where You Live:** Freshmen and sophomores can live in Honors Living Learning Communities (LLCs), where like-minded students live together and share common Honors courses.
- **Individualized Programs:** Honors spans all majors with three options: an intradisciplinary program emphasizing the humanities and enhanced learning experiences; a business program, providing greater networking and entrepreneurial opportunities; and a science and mathematics program, emphasizing critical thinking and targeted research.
- **Get Social:** The connections you make extend beyond the classroom as you hang out in the Honors House, attend Honors Student Association parties, and take trips to destinations like New York City and Assateague Island.
